

EVOLVING RFID DEVICES

patrick plaggenborg

dorkbot gent - 23rd of june 2006

PATRICK PLAGGENBORG

student MA digital media design
rfid graduation project

evolving rfid devices

RFID

privacy issues

tracking products - tracking people

positivity?

evolving rfid devices

APPLICATION

rfid in existion projects

no supply chain

what added value?

evolving rfid devices

ART RELATED

we-make-money-not-art

rfid in japan

over 100 projects

evolving rfid devices

ADDED VALUE

good / bad

new / old

what role does rfid play?

evolving rfid devices

Binary identification

evolving rfid devices

BINARY IDENTIFICATION

friend or foe?

enemy / friendly airplanes WW II

no unique instances

0/1 binary identification

evolving rfid devices

Binary identification

Unique identification

evolving rfid devices

UNIQUE IDENTIFICATION

basic identification
dealing with who or what?

evolving rfid devices

UNIQUE IDENTIFICATION

smart cards
check privileges and allow access

evolving rfid devices

UNIQUE IDENTIFICATION
condom vending machine - shanghai
10.000 rfid coupons
1-time id needs unique id

evolving rfid devices

**Binary identification
Unique identification
Descriptive**

evolving rfid devices

DESCRIPTIVE

without is just ‘being’

add properties

retrieve object info

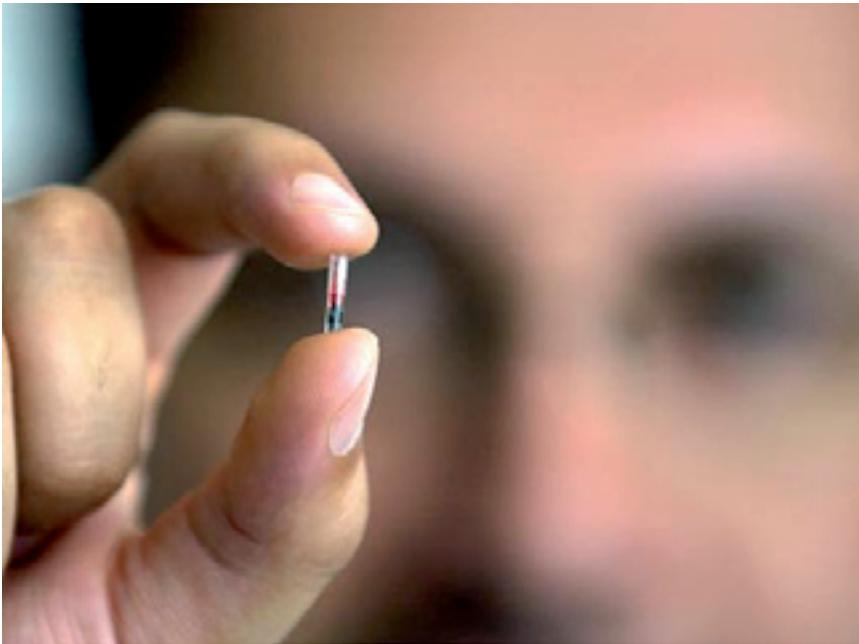

DESCRIPTIVE

sushi info

type, cooking time, serving time cook, price etc

evolving rfid devices

AP / Jose Luis Magana, file

DESCRIPTIVE

human description

age, name, sex

VIP access, creditcard

payments

evolving rfid devices

**Binary identification
Unique identification
Descriptive
History**

evolving rfid devices

HISTORY

collect: what was bought
then charge total

evolving rfid devices

HISTORY

location tracking
one of most used application rfid
public transport cards
kids, eldery

evolving rfid devices

HISTORY

plant as symbol for human relation
controlling light, water supply
meeting people

evolving rfid devices

**Binary identification
Unique identification
Descriptive
History
Patterns**

evolving rfid devices

PATTERNS

predict that history
monitor behaviour

evolving rfid devices

PATTERNS

intel's monitoring glove, tagged home
one item - item order

waterboiler - tap - tea bags - sugar jar - spoon drawer
toilet

evolving rfid devices

PATTERNS

home reminder
wallet before doorknob
prevent forgetting items

evolving rfid devices

**Binary identification
Unique identification
Descriptive
History
Patterns
Masses**

evolving rfid devices

MASSES

mass instead of individuals
whole groups
majority

evolving rfid devices

MASSES

majority decides
rfid version kinoautomat

evolving rfid devices

MASSES

railway system improvement
patterns passenger movement

evolving rfid devices

**Binary identification
Unique identification
